About the Author

After more than two decades of searching for the Truth, free from the bonds of traditional religion and secular science, José Albos Rodrigues dedicated his life to studying the Holy Scriptures as the only source of wisdom.

Married for 42 years, father of 4 children and grandfather of 4 grandchildren, he was rescued by Yahushua at the age of 41, after realizing the silent destruction the enemy was planning against his family and so many others.

Converted, he took on the mission of fighting for the salvation of his household and teaching the Gospel to family, friends, and strangers—even through the internet.

Author of books on marriage, fatherhood, and spirituality, José Albos Rodrigues proclaims with conviction: Yahuh is faithful, and Yahushua never abandons those who truly surrender to Him.
